Greg Copley, KY Business Environmental Assistance Program, Committee Chair
Debbie O'Daniel, Dean's Administration, Co-Chair
Michelle Baker, School of Management
Jamie Stephens, MBA Center
Connie Blakemore, International Business and Management Center (IBMC)
Steven Jesse, Gatton Student Representative

Gatton College Campus Crime Compliance Officer
Dr. Nancy Johnson, Associate Dean, Undergraduate Resource Center **257-2976**

**University of Kentucky
The Gatton College of Business and Economics Building
Building Emergency Action Plan**

This model Building Emergency Action Plan (BEAP) is for the use by departments that are the sole occupant(s) of a building. This model BEAP is to be completed and submitted to the UK Emergency Management Office for review and acceptance. If you need any assistance in the completion of this model BEAP please contact Christy Giles, Director of Emergency Management at 257-3815 or via email at cgile0@email.uky.edu .

1.0 INTRODUCTION

- 1.1 Each department at the University must have a Building Emergency Action Plan (**BEAP**) to provide for students, faculty, staff and visitors during an emergency. Each BEAP is developed by the individual department or group of departments occupying the building. The Gatton College of Business & Economics Building's plan was developed using a model plan prepared by the UK Emergency Management Office. This plan has been reviewed and approved by the Emergency Management Office and implemented on **September 24, 2007**.
- 1.2 Each Building Emergency Action Plan is developed not only to provide for the safety of the University community, but also to comply with Occupational Safety and Health Administration (OSHA) regulation 29 CFR 1910.38. The Gatton College of Business & Economics Building BEAP is located behind the entrance door of each classroom, meeting room and office and is accessible on the Gatton College of Business and Economics web site and on file at the UK Emergency Management Office.
- 1.3 Each employee covered by this Building Emergency Action Plan must be provided with a copy of the plan and instructed as to their responsibilities and actions during an emergency. A record must be maintained including the names of everyone that has been trained. This record is located in the Deans Office, room 255. All Gatton College of Business and Economics faculty and staff will be required to sign a written document stating they have read the BEAP.
- 1.4 The Building Emergency Action Plan will be tested a minimum of one time per spring and fall semester.

Building Emergency Coordinator

Safety Committee Chair

Reviewed UK Emergency Management Director

2.0 EMERGENCY ACTION RESPONSIBILITIES

- 2.1 The Department Head or his/her designee is responsible to ensure that the department uses the model Building Emergency Action Plan and develops a department specific plan.
- 2.2 The Building Emergency Coordinator (**BEC**) shall be assigned by the Department Head and is responsible for plan maintenance, employee education and annual testing of this plan. Testing will entail conducting an emergency exercise for one chosen section of the plan. During an emergency, the BEC will implement the Building Emergency Action Plan and coordinate emergency actions to ensure the safety of the people in this building. The BEC emergency duties include:
- Ensure that the notification to emergency agencies takes place.
 - Assist in building evacuation.
 - Report to the assembly area.
 - Account for evacuated personnel.
 - Collect essential information for emergency personnel (i.e., location of the incident, persons still in building, special hazards in the building, unique conditions).
 - Develop specific procedures to assist persons with physical disabilities that are assigned to the department.
 - Assist physically disabled employees, students or visitors.
 - Implement the post emergency procedures.
- 2.3 An Assistant Building Emergency Coordinator (**ABEC**) will be designated to assist the BEC and be responsible for the BEC's duties in their absence.
- 2.4.1 Each floor shall designate a Floor Leader (**FL**) responsible for coordinating the BEAP for that respective floor. The emergency duties, as personal safety and time permits, of the FL include:
- Ensure all persons are evacuated.
 - Solicit volunteers to assist individuals with disabilities.
 - Conduct a sweep of the floor and ensure that all doors are closed, elevators empty and critical operations stabilized.
 - Assist physically disabled employees, students or visitors.
- 2.4.1.2 An Assistant Floor Leader (**AFL**) will be designated to assist the FL and be responsible for the FL's duties in their absence.

3.0 CONTACT LIST AND NUMBERS

3.1 Departmental Contact Telephone Numbers:

Building Emergency Action Plan (BEAP) Titles	Name	Office Phone
Building Emergency Coordinator (BEC)	Business Manager Deborah O'Daniel, Dean's Office	859-257-7654
Assistant Building Emergency Coordinator (ABEC)	Dean D. Sudharshan, Dean's Office	859-257-8939
Floor Leader (FL) 1st Floor	Director, MBA Center Mary Lee Kerr	859-257-1924
Assistant Floor Leader (AFL) 1st Floor	Staff Assistant, MBA Center Jamie Stephens Manager, B&E Computing Center Leonard Howell	859-257-1306 859-257-5663
Floor Leader (FL) 2nd Floor	Associate Dean Merl Hackbart	859-257-1627
Assistant Floor Leader (AFL) 2nd Floor	Assistant Director, International Business & Management Center Connie Blakemore	859-257-8747
Floor Leader (FL) 3rd Floor	Director, Von Allmen School of Accountancy Dr. Dave Ziebart Chair, Department of Economics Dr. John Garen	859-257-2112 859-257-3581
Assistant Floor Leader (AFL) 3rd Floor		
Floor Leader (FL) 4th Floor	Director, School of Management Dr. Scott Kelley	859-257-3425
Assistant Floor Leader (AFL) 4th Floor	Michelle Baker, School of Management	859-257-9160
Building Operator	Dan Shank	859-257-4894

4.0 EMERGENCY ACTION PLAN - FIRE

- 4.1 This section of the Building Emergency Action Plan will be activated in the event of:
- Fire alarm activation
 - Fire discovered by building occupant
- 4.2 Any faculty, staff, student or visitor that becomes aware of a fire shall immediately activate the building fire alarm system. The fire alarm system will in turn notify all building occupants that a fire emergency exists. This is accomplished through sounding an audible alarm and a visual flashing light. The University Evacuation Policy mandates that the building shall immediately be evacuated. All faculty, staff, students, and visitors will regard any activation of a fire alarm as a true fire emergency unless there has been previous notification of the fire alarm system being tested.
- 4.3 The person activating the fire alarm shall dial 911 from a campus phone or #UKPD from a cellular phone and advise the UK Police Dispatcher of the fire situation in the building.
- 4.4 All occupants will immediately evacuate the building utilizing the posted evacuation routes. Occupants may collect their valuables (purse, coat, etc.) and should close the door upon leaving. Any occupant who comes into contact with a student or visitor should direct them to evacuate the building. Any occupant that comes into contact with a physically disabled individual should assist that individual from the building or to the nearest stairwell landing and seek assistance from an emergency responder outside the building. **DO NOT USE ELEVATORS.**
- 4.4.1 Building occupants should make no attempts to extinguish the fire.
- 4.5 Once out of the building, all occupants should gather at the following locations (see table below) to be accounted. The Building Emergency Coordinator or Floor Leader will conduct a roll call of employees to determine if everyone has vacated the building. No employee should leave the assembly area, either to re-enter the building or leave the campus, until advised to do so by the Building Emergency Coordinator.

1 st FLOOR AREAS	REPORT TO THE FOLLOWING LOCATIONS:
MBA Center	Memorial Hall Front Lawn
Auditorium Classroom 148	Memorial Hall Front Lawn
Bathrooms	Memorial Hall Front Lawn
Housekeeping Staff Areas	Memorial Hall Front Lawn
Vending Machine/Seating Areas	Memorial Hall Front Lawn
Lobby	Main Building Front Lawn
Business Library Computer Center	Main Building Front Lawn
Student Collaboratorium	Main Building Front Lawn
2 nd and 3 rd FLOOR AREAS	
Classrooms	Patterson Office Tower Plaza
Offices	Engineering/Anderson Hall Plaza
4 th FLOOR AREAS	
Offices	Memorial Hall Amphitheater

- 4.6 The Building Emergency Coordinator will provide information to the UK Police Dispatcher, UK Fire Marshal, Lexington Fire Department or any other emergency response agencies on the scene. This information may include, but is not limited to:
- Location of the fire.
 - Name and Location of disabled individuals requiring evacuation assistance.
 - Status of the evacuation, personnel missing that may still be in the building.
 - Special hazards associated with the building.
- 4.7 **DO NOT RE-ENTER THE BUILDING UNTIL FIRE OFFICIALS GIVE THE APPROVAL.**

5.0 EMERGENCY ACTION PLAN - SEVERE WEATHER

- 5.1 This section of the BEAP will be activated in the event of a severe weather situation.
- 5.2 The Dean's Office has a weather radio in room 255. This radio is dual powered working on both batteries and/or the building's electrical service. This radio will be activated by the National Weather Service to announce any watches or warnings. The Dean's Office will monitor this radio for any emergency announcements and notify the Building Emergency Coordinator of any warnings. Additionally, any employee that becomes aware of a severe weather warning will immediately notify the Building Emergency Coordinator. The Building Emergency Coordinator will immediately notify employees by public address announcement. This notification will advise building occupants of the type of warning (thunderstorm or tornado) and to implement the Emergency Action Plan - Severe Weather.
- 5.3 Once occupants have been notified of a THUNDERSTORM WARNING, they should take no other steps than to ensure that they are prepared if conditions deteriorate.
- 5.4 Once occupants have been notified of a TORNADO WARNING, they should gather their valuables and take cover in the nearest Severe Weather Shelter area in the building. Any occupant who comes into contact with a student or visitor should direct them to take appropriate actions. Any occupant that comes into contact with a physically disabled individual should assist that individual to the Severe Weather Shelter areas. Office doors should be closed upon exiting. Building occupants should take cover in the areas outlined in Appendix B.
- 5.5 The Building Emergency Coordinator and/or Floor Leaders will conduct roll calls to ensure that all employees are in the shelter areas. If an employee is missing, the Building Emergency Coordinator will make a determination whether it is safe to search for the missing employee(s) and solicit someone to locate them and direct them to the shelter areas. If a search is necessary, the use of walkie-talkies, located in the shelter area, will be required to maintain communication.
- 5.6 If injuries or building damage occurs, notify the UK Police Department at 911 from a campus phone or, #UKPD from a cellular phone or 257-1616.
- 5.7 Once the all clear is given by the National Weather Service, the Building Emergency Coordinator will give the word for employees to return to their workstations or go home.

6.0 EMERGENCY ACTION PLAN - EARTHQUAKE

- 6.1 This section of the **BEAP** will be activated when a sustained earthquake occurs.
- 6.2 Earthquakes occur without warning. Some earthquakes are instantaneous tremors and others are significant sustained events followed by aftershocks. Once a significant earthquake begins, building occupants must take immediate action. Individuals should take emergency action immediately and additional actions will be implemented after the quake stops.
- 6.3 An earthquake may cause noticeable shaking of the ground and building. This shaking will vary in intensity (i.e., mild tremors to shaking sufficient to destroy buildings.).
- 6.4 When a significant earthquake occurs, occupants should immediately take cover. Suggested locations inside buildings that provide cover include:
- Standing in a doorway and bracing your hands and feet against each side.
 - Getting under a desk or heavy table.
 - Standing flat against an interior wall.

NOTE: Do not seek cover under tables or shelves with chemicals (i.e. cleaning supplies) that could spill and harm personnel.

- 6.5 Once the shaking has stopped, gather valuables and quickly leave the building. **DO NOT USE ELEVATORS AND AVOID BRIDGE WALKWAY.** All employees should gather at the following locations (see table below) to be accounted. Any occupant who comes into contact with a student or visitor should direct them to take appropriate actions. Any occupant that comes into contact with a physically disabled individual should assist that individual or take them to the nearest stairwell landing and seek assistance from an emergency responder outside the building. The Floor Leaders and/or Building Emergency Coordinator will conduct roll calls to ensure all employees are out of the building.

1 st FLOOR AREAS	REPORT TO THE FOLLOWING LOCATIONS:
MBA Center	Memorial Hall Front Lawn
Auditorium Classroom 148	Memorial Hall Front Lawn
Bathrooms	Memorial Hall Front Lawn
Housekeeping Staff Areas	Memorial Hall Front Lawn
Vending Machine/Seating Areas	Memorial Hall Front Lawn
Lobby	Main Building Front Lawn
Business Library Computer Center	Main Building Front Lawn
Undergraduate Student Center	Main Building Front Lawn
2 nd and 3 rd FLOOR AREAS	
Classrooms	Patterson Office Tower Plaza
Offices	Engineering/Anderson Hall Plaza
4 th FLOOR AREAS	
Offices	Memorial Hall Amphitheater

- 6.6 Be prepared for aftershocks. Although smaller than the main shock, aftershocks cause additional damage and may bring weakened structures down. Aftershocks can occur in the first hours, days, weeks, or even months after the quake. Follow the same procedures as for earthquakes.
- 6.7 If building occupants cannot be accounted for, the Building Emergency Coordinator may direct personnel to search for the missing people but instruct personnel NOT TO RE-ENTER THE BUILDING. The Building Emergency Coordinator should contact the UK Police Department at 911 from a campus phone or, #UKPD from a cellular phone or 257-1616 for assistance.
- 6.8 The Physical Plant Division, UK Fire Marshal, Emergency Management Director and Department Chairperson will consult and make a decision on whether employees can return to their workstations or be dismissed for the day. The Building Emergency Coordinator will give direction to employees based on that decision.

7.0 EMERGENCY ACTION PLAN - HAZARDOUS MATERIALS

- 7.1 This section of the **BEAP** should be activated in the event of a hazardous material incident outside that could have an impact on this building.
- 7.2 Hazardous material accidents can occur inside this building, on campus or in the adjacent areas (railway) and could impact this building (i.e. gas leak). Local media will broadcast warnings over radio and television to communicate that a hazardous materials incident has occurred. The National Weather Service will broadcast similar warnings over NOAA Weather Radios. Community sirens might sound, notifying people within hearing range to listen to the media. Information Technology may broadcast information over the University's Intranet. Once building occupants become aware of a hazardous material incident that may impact the building, they should notify the Building Emergency Coordinator. The Building Emergency Coordinator will immediately notify employees by public address announcement. This notification will advise building occupants to implement the emergency action plan.
- 7.3 The local community uses two strategies for protecting citizens during hazardous material emergencies, the Building Emergency Coordinator will notify the building occupants of which strategy has been implemented.
- 7.4.1 The first strategy that local government could use is "Shelter in Place". Everyone in the building would be required to stay in the building until the all clear is given. Employees will take the following actions:
- Close all windows and doors
 - Turn heating/cooling systems (HVAC) off
 - Move to the designated shelter in place location
 - Any occupant who comes into contact with a student or visitor should direct them to take appropriate actions
 - Any occupant that comes into contact with a physically disabled individual should assist that individual
- 7.4.2 The Building Emergency Coordinator will ensure that the actions outlined in section 7.4.1 are completed. The Building Emergency Coordinator and/or Floor Leaders will also conduct a roll call to ensure that all personnel are accounted for.
- 7.4.3 The Building Emergency Coordinator will monitor the news media or the NOAA Weather Radio for further updates and will advise personnel on any changes in the situation. The Building Emergency Coordinator will also announce the all clear when declared by community officials.

- 7.4.4 If personnel become ill from the chemical release, the Building Emergency Coordinator or designee should contact the UK Police Department at 911 from a campus phone or, #UKPD from a cellular phone or 257-1616. UK Police will dispatch emergency personnel to assist.
- 7.4.5 The Building Emergency Coordinator will direct personnel to open doors and windows and allow the building to air out after the all clear is given. The UK Physical Plant Division will reactivate the heating/cooling system (HVAC).
- 7.5.1 The second strategy that local government could use is "Evacuation". The Building Emergency Coordinator will direct personnel to take appropriate action. This action may include:
- Walk to the designated assembly area to be evacuated
 - Walk or drive away from the area using travel directions determined by community officials
 - Any occupant who comes into contact with a student or visitor should direct them to take appropriate actions
 - Any occupant that comes into contact with a visitor or student that is physically disabled should assist those individuals
- 7.5.2 The Building Emergency Coordinator will ensure that the actions outlined in section 7.5.1 are completed as directed by community officials. The Building Emergency Coordinator and/or Floor Leaders will also conduct a roll call to ensure that all personnel have evacuated the building.
- 7.5.3 If personnel become ill from the chemical release, the Building Emergency Coordinator or designee should contact the UK Police Department at 911 from a campus phone or, #UKPD from a cellular phone or 257-1616.
- 7.6 If building occupants can not be accounted for, the Building Emergency Coordinator should contact the UK Police Department at 911 from a campus phone or, #UKPD from a cellular phone or 257-1616.
- 7.7 The Building Emergency Coordinator will determine whether employees should return to their workstations or go home after consultation with the UK Fire Marshal, Emergency Management Director and Department Chairperson.

8.0 EMERGENCY ACTION PLAN - CHEMICAL EMERGENCY

- 8.1 This section of the **BEAP** should be activated in the event a hazardous material incident occurs inside of the building and/or hazardous incident from surrounding buildings (laboratory, maintenance or physical plant operation).
- 8.2 Any person that becomes aware of a serious chemical accident in the building will immediately notify the co-workers around them and their supervisor. Either the person who discovered the chemical accident or the supervisor will immediately notify the BEC. The Building Emergency Coordinator will immediately notify employees by public address announcement. This notification will advise building occupants to implement the **BEAP** for Chemical emergencies.
- 8.3.1 Personnel that are involved with a laboratory experiment or process should take steps to stop the process or experiment to prevent additional accidents if it is left unattended.
- 8.3.2 Personnel in the immediate area of the chemical accident will vacate the area and report to the following locations (see table below) to be accounted. They should leave the area immediately, closing, but not locking, any doors as they leave. Any occupant who comes into contact with a student or visitor should direct them to take appropriate actions. Any occupant that comes into contact with a visitor or student that is physically disabled should assist those individuals.

1st FLOOR AREAS	REPORT TO THE FOLLOWING LOCATIONS:
MBA Center	Memorial Hall Front Lawn
Auditorium Classroom 148	Memorial Hall Front Lawn
Bathrooms	Memorial Hall Front Lawn
Housekeeping Staff Areas	Memorial Hall Front Lawn
Vending Machine/Seating Areas	Memorial Hall Front Lawn
Lobby	Main Building Front Lawn
Business Library Computer Center	Main Building Front Lawn
Student Collaboratorium	Main Building Front Lawn
2nd and 3rd FLOOR AREAS	
Classrooms	Main Building Front Lawn
Offices	Engineering/Anderson Hall Plaza
4th FLOOR AREAS	
Offices	Memorial Hall Amphitheater

- 8.4 The Building Emergency Coordinator will immediately notify the UK Police Department at 911 from a campus phone or, #UKPD from a cellular phone or 257-1616 and report the chemical emergency. The Building Emergency Coordinator will also ensure that the HVAC for the building is shut down (this may require a call to the Physical Plant Delta Room at 257-2830), to prevent the spread of chemical gasses through the cooling/heating system.
- 8.5 If personnel become ill from the chemical release, the Building Emergency Coordinator or designee should contact the UK Police Department at 911 from a campus phone or, #UKPD from a cellular phone or 257-1616.
- 8.6 The Building Emergency Coordinator will determine if further evacuations are necessary.
- 8.7 The Building Emergency Coordinator and/or Floor Leaders will conduct a roll call to ensure that all personnel have evacuated the building.
- 8.8 The Building Emergency Coordinator will provide information to the UK Police, Environmental Health & Safety Officer, Lexington Fire Department or any other emergency response agencies on the scene. This information may include, but is not limited to:
- Location of the spill,
 - Status of the evacuation, personnel missing that may still be in the building, and
 - Special hazards associated with the building.

9.0 EMERGENCY ACTION PLAN - UTILITY OUTAGE

- 9.1 This section of the **BEAP** should be activated in the event of a utility outage.
- 9.2 Employees will become aware of utility outages by the obvious absence of that particular utility:
- No Lights, Computers not working - Electric
 - Toilets won't flush, drinking fountains not working - Water
 - Inability to place outgoing telephone calls - Telephone
 - Building won't warm up during winter - Steam or Gas
 - Building won't cool in summer - Electric or chilled water
- 9.3 The Building Emergency Coordinator, Department Chairperson or other administrative staff should contact the UK Police Department at 911 from a campus phone or, #UKPD on a cellular phone or 257-1616 to report the problem and obtain any available information.
- 9.4 While a power interruption does not usually cause emergencies within a facility or injuries to its employees, hazards may be created by outages. The Building Emergency Coordinator in conjunction with the Department Chairperson will determine the appropriate course of action. The Building Emergency Coordinator and Department Chairperson should consider the following issues:
- Dangers from tripping and injuries due to lights being out.
 - Person(s) being trapped on elevators.
 - Dangers of extreme heat and cold on employees.
 - Inability to contact responders if an emergency occurs while telephones are out.
 - Sanitation problems due to no water
- 9.5 Unless a decision has been made by the Dean, the Building Emergency Coordinator and Department Chairperson will make a decision regarding the continuance of work in the building during a utility interruption. Any occupant who comes into contact with a student or visitor should direct them to take appropriate actions. Any occupant that comes into contact with a visitor or student that is physically disabled should assist those individuals.
- 9.6 **Not Applicable.** If laboratory research is underway during a utility interruption and the interruption will affect the research, the research should cease until the utility has been restored. Experiments, chemical processes and operating electric equipment should be stopped in a manner that would not cause additional problems.
- 9.7 If anyone is trapped on an elevator, immediately call the Physical Plant Division at 257-3844 for assistance.

10.0 EMERGENCY ACTION PLAN - WORKPLACE VIOLENCE, TERRORISM

- 10.1 This section of the **BEAP** should be activated in the event any type of workplace violence or act of terrorism.
- 10.2 Building occupants will become aware of a violent act by the sounds of an explosion, gunfire, scuffling, or by observation of events that could only be intentional acts of violence. The person(s) who observe these life-threatening acts should immediately seek shelter and call the UK Police Department at 911 from a campus phone or, #UKPD on a cellular phone or 257-1616.
- 10.3 The Building Emergency Coordinator should attempt to communicate to everyone in the building that a perpetrator of workplace violence is in the building. This may be done by telephone and/or word of mouth.

- 10.4 Different types of workplace violence require different actions:
- 10.4.1 Explosion - If an explosion occurs, building occupants should leave the building using the same evacuation plan and procedures as they would for a fire.
- 10.4.2 Gunfire - If you become aware of gunfire occurring in the building, take refuge in a room that can be locked. The room should also provide limited visibility to anyone that is outside of it. Secure the door and hide under a desk, in a closet or in the corner. **DO NOT UNLOCK THE DOOR FOR ANYONE.** Once the situation has been resolved, a UK Police Officer or other University official will unlock the door and provide you with instructions.
- 10.4.3 Physical Threat - If someone's actions pose a physical threat to you, evacuate the area.
- 10.4.5 Toxic or Irritant Gas - Immediately evacuate the building using the same evacuation plan and procedures as they would for a fire.
- 10.4.6 Hostage Situation - Immediately vacate the area or seek safe, secure shelter, take no chances to endanger the life of the hostage. Contact the UK Police Department at 911 from a campus phone or, #UKPD on a cellular phone or 257-1616. In the event someone is hurt and/or a fire is caused by these events, advise the UK Police Department of this situation.
- 10.6 The Building Emergency Coordinator, Department Chair, and UK Police Department will coordinate the building's security once the Incident Commander releases the building. This group will also contact building occupants and advise them on when to return to work.
- 10.7 The Building Emergency Coordinator and/or the Department Chair will participate in any post-incident critique regarding the emergency.
- 10.8 Any occupant who comes into contact with a student or visitor should direct them to take appropriate actions. Any occupant that comes into contact with a visitor or student that is physically disabled should assist those individuals.

11.0 EMERGENCY ACTION PLAN - BOMB THREAT/EXPLOSION/SUSPICIOUS PACKAGE

- 11.1 This section of the **BEAP** should be activated in the event of a Bomb Threat/Explosion or discovery of a suspicious package.
- 11.2 A person would become aware of a bomb threat by either a telephone call, e-mail or a letter. The person shall immediately notify the UK Police Department at 911 from a campus phone or, #UKPD from a cellular phone or 257-1616.
- 11.2.1 If the threat is made by telephone, ascertain as much information as possible about the bomb and its location, such as:
- Exact location of the bomb?
 - When is the bomb going to explode?
 - What kind of bomb is it?
 - Why was it placed?
 - Who is speaking?
- (See Appendix E for Bomb Threat Caller Checklist)
- 11.3 The person should then notify his or her supervisor, the Building Emergency Coordinator and the Department Chairperson as quickly as possible.

- 11.4 A decision will be made by the Building Emergency Coordinator, Department Chairperson and UK Police Department to determine if a building evacuation is warranted. An intercom announcement will be made to evacuate. If it is warranted, evacuation should take place using the same evacuation plan and procedures as they would for a fire.
- 11.5 Occupants should not touch any suspicious or unfamiliar objects. Occupants should wait for police personnel to arrive on the scene before conducting any type of search.
- 11.6 The Building Emergency Coordinator, Department Chair, and UK Police Department will coordinate the building's security once the Incident Commander releases the building. This group will also contact building occupants and advise them on when to return to work.
- 11.7 The Building Emergency Coordinator and/or the Department Chair will participate in any post-incident critique regarding the emergency.
- 11.8 If an explosion does occur, building occupants should leave the building using the same evacuation plan and procedures as they would for a fire.

12.0 EMERGENCY ACTION PLAN - MEDICAL EMERGENCY

- 12.1 Implement the **BEAP** for Medical Emergencies for any injury or illness that requires more than simple first aid.
- 12.2 Immediately contact the UK Police Department at 911 or 257-1616 and report the emergency.
- 12.3 When reporting the emergency, provide the following information:
 - Type of emergency
 - Location of the victim
 - Condition of the victim
 - Any dangerous conditions
 - If you call 911 from a cell phone, you will need to report the street address:
550 S. Limestone Street
- 12.4 Comfort but do not move the victim.
- 12.5 Have someone standby outside the building to "flag down" EMS when they reach the vicinity of the building.
- 12.6 Once the victim has been cared for and is transported, normal worker injury reporting procedures should be followed.

13.0 ACTIONS TO TAKE AFTER THE EMERGENCY

- 13.1 Once the emergency is over and the building has been returned to the occupant, the Building Emergency Coordinator and Department Chair will determine if the building occupants should return to work or be released. If they are released, employees will be advised when to return to work.
- 13.2 The Building Emergency Coordinator, Department Chair, and UK Police Department will coordinate the building's security once the Incident Commander releases the building. This group will also contact building occupants and advise them on when to return to work. Environmental Health and Safety will coordinate the mitigation of the spill and notification to governmental agencies.

- 13.3 The Building Emergency Coordinator and/or the Department Chair will participate in any post-incident critique regarding the emergency.
- 13.4 The Building Emergency Coordinator will contact the University's Risk Management Office at 257-6214 regarding any property damage caused by the incident. The Building Emergency Coordinator will also contact Physical Plant Delta Room at 257-2830 regarding any repairs needed from damage caused by the incident. In the event an employee is injured, normal worker injury reporting procedures should be followed.
- 13.5 The Department Chair will direct that a report be prepared after implementing this plan. This report shall review emergency actions, their effectiveness and needed revisions. This report will be shared with employees and forwarded to the UK Office of Emergency Management, 520 Oldham Ct., Lexington, Kentucky 40502. Updates and plan changes will be made as needed and building occupants will be provided with a revised plan.
