REMEMBER:
- Everyone: Hearing a false alarm, report the alarm to the fire officials.
- Never re-enter the building.
- If the official refuses to evacuate, leave the building.
- Assist a physically impaired person, if possible.
- Use the closest stairway, never use an elevator.
- Close the doors as you leave the room.
- Feel the door. "Too hot to touch" means the fire is outside the door.
- Immediate evacuation is the building.
- Tell all alarms as a real emergency.
