MBA 603: Markets—Structures and Dynamics  
MBA 605: Organizational Structures and Strategies  
Fall 2013

Professor: Frank Scott  
Office: B&E 335-M  
Phone: 257-7643  
e-mail: fscott@uky.edu  
web page: http://gatton.uky.edu/Faculty/scott/index.html

Course Description:

In these courses we will apply economic theory to managerial decision making and analysis. We will employ many of the traditional tools of microeconomics and see how they can be used to evaluate practical business problems. We will pay particular attention to the strategy of firms in the marketplace. MBA 603 and 605 are core courses in the MBA program and are intended to help you understand basic economic concepts that underlie the business process modules and advanced learning bundles later in the program.

Reading Assignments:

Assigned readings will come from two different managerial economics textbooks:

There will also be assigned readings for each class taken from business periodicals such as the Wall Street Journal.

The assigned textbook chapters are available electronically. Instructions for purchase are attached. The outside readings can be accessed electronically through the UK Library.

Grading:

Grades in the course will be determined on the basis of performance on two in-class exams (33% each) and on a team industry study (34%). The teams and industry will be as assigned for Project Connect. The overall grading distribution will comply with the official program standards established by the MBA Policy Committee, i.e. overall class GPA ≤ 3.5.

Office Hours:

My office is 335-M in the Gatton B&E Building. I will be around and available most of the time during the weeks when our courses are offered. I am also easily reachable by telephone and e-mail.
MBA 603 Course Outline and Reading Assignments:
