

Concur Travel – Obtaining a Cost Comparison in Concur

Process: Airfare cost comparisons are required for airline tickets that combine official University business travel with personal travel, and for driving over 500 miles one-way to a business destination. Cost comparisons are required to be obtained the same day the business combining personal airfare is purchased

Please ensure your Concur profile's credit card is valid before beginning an airline reservation on Concur. If a card is declined during ticketing, the auto-process will stop and a AAA agent must then process the ticket, which will result in a \$26 or \$38 service fee and could result in a higher airfare if the purchase is delayed.

Regarding international tickets, Concur may not be the best tool to book complex international itineraries, and for those we recommend you call a full-service AAA travel agent for assistance (323-5354).

For the lowest international fares on Concur, search by using a time selection plus/minus 12 hours to create a 24-hour clock, as some international flights are overnight. If flexible with flight times, search by using a time selection plus/minus 12 hours to display a full 24-hour window of options and potential low fares.

PLEASE NOTE: Search results are based on your selected criteria and other factors including company policies. Fare, schedule or availability information may not be complete or in neutral order.
