** Utilizing more than 2 mics requires a technician to run a professional mixer to help adjust volumes on individual mics. If the mixer is not used, some mics might sound louder than others depending on the volume of the individual.

*** Overflow live streaming is done via Haivision IPTV and is only available within the Gatton Facilities. For use when event capacity exceeds occupancy of Kincaid Hall. This option allows events in Kincaid to be streamed to other rooms in Gatton.

**** Event live streaming is done via Echo360 and will result in live streaming via a website to anywhere.

Technical Services provided for the standard events:

> For Weekday events only (not including Friday events after 5pm), basic assistance with AV/IT setup and on call standard Gatton IT support (ex. support for using the room PC and presentation system). Support will be in facility but not present at event for the duration of the event.

Additional Technical Service fees: Gatton IT Support fees may be required (Refer to fee schedule):

- For any event having technology requirements, either in terms of equipment or support, not falling under what is included in the standard services.
- Technical support actively present at event. Note: Onsite Gatton IT Support present at the event is required for all Friday evening (after 4pm) and weekend events in Kincaid Auditorium and Woodward hall when any technology will be used and may be required under certain circumstances for events in other spaces.
