Dan has a broad range of experience between Lexmark and IBM in the fields of Product Development, Operations, and Data Science & Analytics. He has a passion for thought leadership in Artificial Intelligence, decision sciences, risk modeling, product design & delivery and value creation models. He is committed to the advancement STEM related topics in our future leaders.

Dan holds an undergraduate degree in Mechanical Engineering from Missouri University of Science and Technology, master's degrees in manufacturing technology and diplomacy & International Commerce and a Ph.D. in Mechanical Engineering. He is also a certified Data Scientist. Dan currently resides in Lexington, KY.

SPEAKERS

ADRIENNE PALERMO is currently P&G's North America Oral Care Supply Network Operations leader, in Cincinnati, Ohio. She is also one of the P&G Business Continuity Planning Thought leaders, having led the North America Supply Chain Command Center since Fall 2017 to respond to environmental, supplier, transportation and pandemic disruptions spanning Hurricanes, Border Closures, Supplier Force Majeure, P&G Manufacturing disruptions and, most recently, the COVID-19 Pandemic strategy and tactical response.

Adrienne has experience across multiple CPG businesses and Supply Chain domain across her 20+ years of experience. She has been a key global leader in Procter and Gamble's supply chain demand and planning digital transformation recognized by Gartner's Supply Chain Master designation for the last seven years. Ms. Palermo was recognized by Supply and Demand Chain Executive as a 2019 Inaugural Woman of the Year for her leadership of Procter and Gamble's Global Supply Chain Citizen Developer Digital Fluency program to create over 1000 global supply chain professionals digital upskilling to create digital solutions in days for the most critical business opportunities.

Adrienne is a graduate of Georgia Institute of Technology with a bachelor's degree in chemical engineering. She lives in Cincinnati, Ohio, is married, and has two children.

SPEAKERS

GERMAN VIZCAYA is the Worldwide Director of the Global End to End Planning & Visibility at Colgate-Palmolive where he has held various positions over a nearly 30-year career there. He was appointed to the Global Planning role in September 2021.

German started his professional career at Colgate-Palmolive Mexico in 1993. In one of his previous positions, German worked as the Regional Supply Chain & Customer Service and Logistics roles in Latin America. In 2014, he became the leader of the Colgate Business Services (CBS) in Mexico and in 2019, He was appointed as Director of Demand, Europe & Africa/Eurasia, based in Basel, Switzerland where He was responsible to develop Supply Chain 'Reimagine' Strategies for Customer Service & Logistics , while providing guidance for the customer service and logistics operations for 9 Hubs in both Divisions.

JOHN CORDIER is the co-founder and CEO of Epistemix. Having grown up in 13 places before attending the University of Pittsburgh to study neuroscience and sociology, he was bound to get into complex social systems science at some point. After working with Don Burke and John Grefenstette at the Public Health Dynamics Lab, he's led the development of an agent-based modeling platform using synthetic populations to improve behavioral forecasts across industries. As a champion for using GIS and simulation to improve strategy, forecasting, and decision making, John spends his non-Epistemix time working on data science education initiatives.

John is a graduate of the Pitt School of Public Health and Joseph M. Katz Graduate School of Business where he received his MBA and MHA degrees. A native of Erie, PA, he received BS and BA degrees from Pitt while on a collegiate athletic scholarship and pursued a career in professional soccer. John currently lives in Salt Lake City and, outside of work, spends his time in the Wasatch Mountains.
