

# Build Your Community

## Business Enterprise Living Learning Program

Gatton's Business Enterprise Living Learning Program (LLP) is a residential experience designed to provide first-year business students with the opportunity to explore the many facets of the business world through connected coursework and meaningful interactions with faculty, staff, and peer mentors. Students will participate in unique experiential learning activities such as site visits to local companies as well as networking events with business executives and local entrepreneurs.

### Your New Home

Students in the Business Enterprise LLP live in Jewell Hall on North Campus. Here you'll be surrounded by a community that supports you, while also being just a short walk from your classes, the Student Center, and tons of great local restaurants!

"UK is a really big school, but something that makes me feel comfortable is going home to the LLP every day. It makes a big community feel like a small one."

- Olivia Oles, Pre-Marketing
